TECHNICAL DATA SHEET

FLAT METAL

Our flat metal sheet, as manufactured by Trebor Building Products Ltd., meet Canadian steel standards established by CSSBI (Canadian Institute of Sheet Steel Building).

It is available in five thicknesses: .018" - .034" - .045" - .056" and .068" and is manufactured in lengths of 10'. It is available in many custom widths.

The flat metal is used for screwing or diagonal reinforcement.

Galvanizing used for the components is described in the CSSBI Technical Bulletin of February 2006, G60 (Z-180) for all thicknesses.
